Physics Department Introductions Fall 2015

Jacob Roberts
Chair, Physics Department, Colorado State University

Colorado State University
4:00PM, Monday; August 24, 2015
Refreshments at 3:45PM
Location: 120 Engineering (Hammond Auditorium)

Abstract

As we have done in past years, we invite all faculty, staff, and graduate students to come to the first colloquium time of the semester for an opportunity to introduce ourselves to the new graduate students and have them introduce themselves to us. We will have light refreshments available. Come and meet new colleagues as well as see current colleagues at the start of a new semester.
